If you have an accident, will it hurt your bank account too?  

Unum’s accident insurance gives you something to fall back on.  

Life can take a tumble. 

With a full-time job and three active kids, Marsha has a lot of demands on her time — and her pocketbook. So if her kids break something other than a window, she doesn’t want an injury to break her bank account as well. 

Benefits that pay for covered accidents while you are on the road to recovery 

Unum’s coverage provides a lump sum benefit based on the type of injury (or covered incident) you sustain or the type of treatment you need. 

Examples of covered injuries include:  

• broken bones  
• burns  
• torn ligaments  
• cuts repaired by stitches  
• coma due to a covered injury  

Examples of covered expenses include:  

• emergency room treatment  
• outpatient surgery facility  
• doctor office visit  
• hospitalization  
• occupational therapy  
• speech therapy  
• chiropractic visit  
• physical therapy  

Who’s at risk? 

• Every 10 minutes, over 700 Americans suffer an injury severe enough to seek medical help.¹  
• About two-thirds of disabling injuries suffered by American workers are not work-related, and therefore not covered by workers’ compensation.²
