UMS Index of Reporting Tables

How to use this Index

Select your functional area below to access our ever-expanding index of tables, or use the search bar to find your table. Click the shaded headings to resort tables to your desired order. To search for all tables containing a specific field or fields, use the Advanced Search option in PeopleSoft when creating a new query.

Clicking the linked fields in any table will take you to the Data Dictionary and provide you with more information about that field.

This site is expanding as tables are being added. Please keep coming back to check our progress.
