Student Summary Report (Census)

Report Purpose
This report returns student's headcount, credit hours and FTE by student's residency, student's level, full-time/part-time status, term and institution as of census date.

As of October 15, 2019 (fall 2019 Census) the credit hour calculation is being updated to reflect the changes required by the intra-institutional cross-listed course proposal. Please click here for the Cross-listed Course proposal, and click here for the most recent definition and reporting information.

Report Location
Power BI App (Census-DSIT-Reports). Please contact us at DARTS@maine.edu for requesting new access.

Slicers
These fields are available for slicers. Title of the table changes as the values selected on slicer changes. For information on field values to enter, click the name of the slicer.

- Term
- Campus (institution)
- In/ out (in-state/ out-of-state)
- Career
- Cross-listed course hours : Choose (Blank) value to see the cross-listed hours produced by students at other institutions. Choose '1' to see non-cross listed course hours. Select All for official campus summaries. Since the headcount and FTE from cross-listed courses are counted at student's home institution, the "count" and "FTE" will not be shown when Blank value on this slicer is selected.
- Sex
- Ethnicity
- Acad Program
