

Canon

A one stop shop for all EUT related Canon documents.

I plan to link as many pages through here to avoid repeating documentation. MacOS computers on campuses that have already been joined to the University Active Directory should use the University Printer - OSX link. This will add a printer through a searchable app rather than System Preferences. This method has proven to be more reliable and avoid the user sign-on window for every print job.

Campus	Documentation
Campuses on UAD – UMFK, UMA, UMM, UMF	Adding a University Printer - OSX
UM	UM Canon information Adding a Canon copier UM OSX Adding a Canon copier UM PC UM Wireless Printing
USM Gorham LAC Portland	Adding a USM Canon Network Printer - Mac OS X Adding a USM Printer - Windows
UMPI	Add a printer - UMPI
UMM	Adding a University Printer - OSX Adding a University Printer - Windows Non UAD Domain
UMFK	Adding a Printer for Staff/Faculty at UMFK
UMF	Adding a Canon Printer - UMF (PC) Adding a Canon Printer - UMF (Mac OSx)
UMA Augusta Bangor	Install a printer - Canon

Department ID Management - Universal to all campuses
