

Faculty

Faculty pages contain basic contact information, as well as the option to include more detailed biographical information and the ability to upload images, CVs and resume files.

Faculty pages, like [Staff](#) pages, are automatically included on the sub-site's **People** page, as well as on the full Faculty and Staff Directory pages, as soon as they are published (and removed when unpublished).

IMPORTANT NOTES:

1. **Complete and Current:** Be sure to update Office Hours each semester, phone changes, etc.
2. **No page, No search:** Faculty members without pages will not be found in a search within the CMS (unless separately listed in other content)
3. **Multiple entries necessary:** Faculty teaching in different departments must have separate pages for each department site
