

# Release 1.17

**Release Date: January 26, 2015**

The main elements of this release include the following:

- Various bug fixes
- Expansion of automated test coverage
- Marketing campaign updates
- Enhancements to [Academic Catalog Tool](#)
- Enhancements to back-end processing
- Drupal core updates

NOTE: 2 'hot fixes' were released between 1.16 and 1.17, which addressed a queue failure and marketing campaign work
