**Nintendo Wii U**

1. Navigate to Wii Settings from the Wii Channel menu
2. Select "Internet"
3. Select "Console Settings"
4. Find and write down your "Wired MAC address"
5. Now that you have recorded your Wii U MAC Address you can go to Device Registration, to register your device on the Network.

**Nintendo Wii**

Finding the MAC Address on the Nintendo Wii

From the Wii channel menu, select Wii Options (the round button on the bottom-left of the screen with "Wii" on it).

Select the Wii Settings button.
Select the right arrow to enter the second page of settings.

Select the Internet option.
Select the Console Information option.

The MAC address of the Wii console is displayed on the first line.
Now that you have recorded your Wii U MAC Address you can go to Device Registration, to register your device on the Network.

Nintendo 3DS

1. From the Home menu, highlight and select the system settings icon.
2. Select Internet Settings.
3. Tap Other Information.
4. Tap Confirm MAC Address.
5. Your MAC address will be displayed on the screen.
6. Now that you have recorded your 3DS MAC Address you can go to Device Registration, to register your device on the Network.

Nintendo Switch

1. At the HOME Menu, go to system settings.
2. At the system settings, go to the internet tab.

3. In the internet tab, go to internet settings.

4. In the internet settings, you will be testing for available networks. Scroll to the bottom.

5. Underneath "Manual Setup", you will find the System MAC address.
