How-to Accept Student Job

Once a Supervisor has hit SUBMIT after completing a Student Hire Request in the Electronic Rehire Tool, the below E-mail is sent to the student being hired.

The E-mail will be titled Student Employment Request.

Congratulations on being hired as a student employee! In order to complete the hiring process so that you can begin to work and enter your time, acceptance of the job and review/approval of the student confidentiality policy must be completed. Please follow the steps below to complete the acceptance process:

Step 1: Login to MainesStreat - mainesstreet.maine.edu
Click on Student Employee Self Service and then Student WorkCenter

Step 2: Review your Personal Information and update if needed
Read and approve the Student Confidentiality policy (if you have not done so already).

Step 3: Review and sign the Break Waiver (this is optional) and the Work Authorization (required), by checking the respective boxes.
Click OK to save and accept the job

From here a Student will need to log into Mainestreet and go to Employee Self Service. (They should have access to employee self service already because they are "REHIRES" who have previously been employed by the university.

The student will need to access Student WorkCenter, as seen below.

When inside the Student WorkCenter, all Jobs that the student has been hired for via Electronic Rehire Tool will appear, as seen in the example below.
As you can see, the student will see if they have Accepted a job or not, as well as information regarding the jobs. In order to accept a job the student needs to click Authorize on the job they intend to accept. They are then brought to the screen below.

Students will need to click on the box next Work Authorization in order to place a check inside each box. Once that is completed, click the Apply button at the bottom followed by Ok.

The side-bar on the left also links the Student to Personal Details and Direct Deposit which we encourage students to update accordingly.

Also on the side-bar to the left, you will see Student Confidentiality Policy, which some departments may require students to accept as well in the same fashion as they accepted the job.
