How do I find out which books I need for my classes?

The quickest way to determine what books you need for your course is to view your Schedule. Navigate to your schedule by using the left hand navigation and selecting Schedule. When viewing your schedule, in list view, select the course you would like to view textbook information for by clicking on the dropdown arrow to the left of the course. The textbook section of the course information has a link to direct you to the campus bookstore.

You can find the Textbook Link any time you are viewing course details by selecting the dropdown arrow, even from Class Search.
