What is the Planner and what can it do for me?

The Planner can be used to plan coursework for future terms as well as enroll in courses using the Planner to Shopping Cart method. Add courses to your Planner using the Browse Course Catalog page under the Class Information section in the left hand navigation. Search for desired courses by selecting Term, Career, and Subject. Once a course is found, select View Sections to see availability.

To add the course to your Planner, select the three vertical dots on the right hand side of the course. Then click Add to Planner.

When in the Planner, you can organize your courses by assigning them to terms, deleting and adding additional courses.
